LET'S 2014 is an international Conference on the role of the **Key Enabling Technologies** pinpointed by **Horizon 2020** - the European Union Framework Programme for Research and Innovation - in bridging the gap between excellence in scientific and technological research, innovation in industry and access to the European and global markets.

The Conference highlights how Europe can support the growth and the creation of new jobs and face **Societal Challenges** through new products, processes and services, creating opportunities for European citizens.

LET'S 2014 will focus on the perspective of **NMBP - Nanotechnologies, Advanced Materials, Biotechnology, Advanced Manufacturing and Processing** and will point out how the industrial system should be able to develop the industry's ability to integrate - through a systemic approach - creativity, culture, knowledge and competitiveness.

LET'S 2014 is organised in the context of the **Italian Presidency** of the **Council** of the **European Union**, with the High Patronage of the **European Parliament**, of the **President** of the **Italian Republic** and of the **Italian Presidency** of the **Council of Ministers**, the patronage of the **Ministry** of **Education, University and Research**, the **Ministry** of **Economic Development** and the **Ministry** of **Foreign Affairs and International Cooperation**, and the support of the **European Union Funding** for **Research** and **Innovation**.

**PLENARY SESSION "A VISION TOWARDS A NEW RENAISSANCE"**

Different perspectives will be brought to the audience by experts in Renaissance history, academic research and entrepreneurship. They will demonstrate how a new European Renaissance is already happening today and how to put a vision toward a new Renaissance into practice.

David BAILEY | *Aston University*  
 Cecilia FROSININI | *Opificio delle Pietre Dure*  
 Andrea PONTREMOLI | *Dallara Automobili*  
 Moderator: Luca DE BIASE | *Nova24 - Il Sole24Ore*

16.00 | 18.00

**PLENARY SESSION "WELCOME TO LET'S 2014"**

**Official welcome by distinguished representatives from European and Italian institutions.**

Luigi AMBROSIO, Chairman of LET'S 2014 - *National Research Council of Italy (CNR)*  
 A speech on the European Union trends and future potential scenarios will open the second plenary session. It will be the driver and set the tone for the following speeches from the high-level European and Italian policy makers. Burning questions will be put on the table becoming the leit motiv of all the sessions.

## LET'S MATCH: ONE-TO-ONE MEETINGS ON 01 OCTOBER

**LET'S Match 2014:** prearranged one to one meetings organised by Enterprise Europe Network partners, between SMEs, research centres, universities, in order to match technology demand and offer and to find potential partners for Horizon 2020 projects, in particular on the Work Programme NMBP *Leadership in enabling and industrial technologies - Nanotechnologies, Advanced Materials, Biotechnology and Advanced Manufacturing and Processing.*

**The initiative is reserved to organizations registered to the B2B within 12th September.**
